RE: Region 34 approval of 800 and 700 frequencies identified below

Dear Mr. Forrest:

As the Chairman for Region 34 MHz Planning Committee, this letter reflects that I have reviewed the City of Broken Arrow's application to the Federal Communications Commission (FCC), Frequency Coordination CAP002978 operating under rules 90.523, FRN 0005781380. The following frequencies have been reviewed. Those are 769.8125, 770.1125, 772.9875, 799.8125, 800.1125 and 802.9875. Having reviewed this application and identified frequencies, no errors with respect to the FCC Form 601.

Please accept this letter as an approval for the aforementioned Frequency Coordination CAP002978.

Respectfully,

Stephen Williamson,  
Chairman, Region 34
